	 th Hydrocarbon Refrigerant-Framed Glass Door Ver True's glass door reach-in's are de with enduring quality that protection gterm investment. Designed using the highest qual materials and components to prouser with colder product temper lower utility costs, exceptional for and the best value in today's foo marketplace. Factory engineered, self-containt capillary tube system using environmentally friendly R290 hy carbon refrigerant that has zero id depletion potential (GVP). High capacity, factory balanced refrigeration system that maintait temperatures of 33°F to 38°F (5° for the best in food preservation. Stainless steel front. The finest st available with higher tensile streat fewer dents and scratches. Energy efficient, "Low-E", double thermal glass doors. LED interior lighting provides mot lighting throughout the cabinet. shielded. Adjustable, heavy duty PVC coatt Positive seal self-closing doors. Liguaranteed door hinges and tors closure system. Extonmounted units feature: "No stoop" lower shelf. Storage on top of cabinet. Compressor performs in coolest, grease free area of kitchen. Easily accessible condenser coil ficening. 	DO1 esigned cts your lity ovide the ratures, od safety d service ed, ydro (0) ozone ee (3) ins cabinet C to 3.3°C) ainless ngth for pane ore even . Safety ed shelves. ifetime sion type

ROUGH-IN DATA

Specifications subject to change without notice. Chart dimensions rounded up to the nearest ½" (millimeters rounded up to next whole number).

			Cabinet Dimensions (inches) (mm)					NEMA	Cord Length (total ft.)	Crated Weight (lbs.)	
Model	Doors	Shelves	W	D†	H*	HP	Voltage	Amps		(total m)	(kg)
T-49G-HC~FGD01	2	6	54¼	291⁄8	78¾	1⁄2	115/60/1	5.4	5-15P	9	465
			1378	759	1991	N/A		N/A		2.74	211

† Depth does not include 1⁵/₄" (42 mm) for door handles or ¹/₂" (13 mm) for system mechanical components. * Height does not include 5" (127 mm) for castors or 6" (153 mm) for optional legs.

Reach-In Glass Swing Door Refrigerator with Hydrocarbon Refrigerant~Framed Glass Door Version 01

STANDARD FEATURES

DESIGN

• True's commitment to using the highest guality materials and oversized refrigeration systems provides the user with colder product temperatures, lower utility costs, exceptional food safety and the best value in today's food service marketplace.

REFRIGERATION SYSTEM

- Factory engineered, self-contained, capillary tube system using environmentally friendly R290 hydro carbon refrigerant that has zero (0) ozone depletion potential (ODP), & three (3) global warming potential (GWP).
- · High capacity, factory balanced refrigeration system that maintains cabinet temperatures of 33°F to 38°F (.5°C to 3.3°C) for the best in food preservation.
- State of the art, electronically commutated evaporator and condenser fan motors. ECM motors operate at higher peak efficiencies and move a more consistent volume of air which produces less heat, reduces energy consumption and provides greater motor reliability.
- Bottom mounted condensing unit positioned for easy maintenance. Compressor runs in coolest and most grease free area of the kitchen. Allows for storage area on top of unit.

CABINET CONSTRUCTION

 Exterior - Stainless steel front. Anodized guality aluminum ends. Corrosion resistant GalFan coated steel back.

- Interior attractive, NSF approved, clear coated aluminum liner. Stainless steel floor with coved corners.
- Insulation entire cabinet structure is foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
- Welded, heavy duty steel frame rail, black powder coated for corrosion protection.
- Frame rail fitted with 4" (102 mm) diameter stem castors - locks provided on front set.

DOORS

- "Low-E", double pane thermal framed glass doors. Door locks standard.
- Each door fitted with 15" (381 mm) long extruded aluminum handle.
- Positive seal self-closing doors. Lifetime guaranteed door hinges and torsion type closure system.
- Magnetic door gaskets of one piece construction, removable without tools for ease of cleaning.

SHELVING

- Six (6) adjustable, heavy duty PVC coated wire shelves 24% "L x 22 3%"D (624 mm x 569 mm). Four (4) chrome plated shelf clips included per shelf.
- Shelf support pilasters made of same material as cabinet interior; shelves are adjustable on 1/2" (13 mm) increments.

LIGHTING

• LED interior lighting provides more even lighting throughout the cabinet. Safety shielded.

MODEL FEATURES

- Exterior temperature display.
- Evaporator is epoxy coated to eliminate the potential of corrosion.
- NSF/ANSI Standard 7 compliant for open food product.

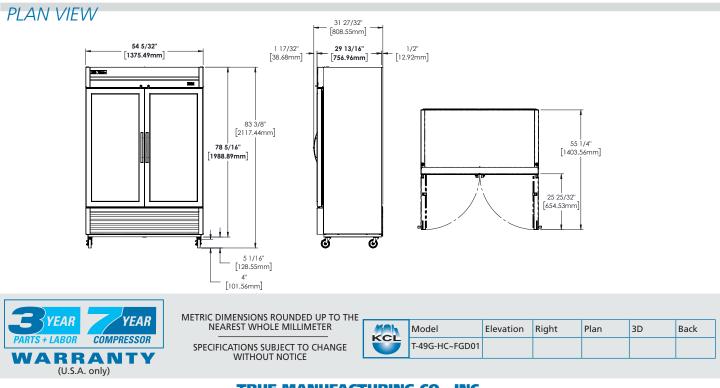

ELECTRICAL

· Unit completely pre-wired at factory and ready for final connection to a 115/60/1 phase, 15 amp dedicated outlet. Cord and plug set included.

OPTIONAL FEATURES/ACCESSORIES

- Upcharge and lead times may apply.
- G" (153 mm) standard legs.
- □ 6" (153 mm) seismic/flanged legs.
- □ Alternate door hinging (factory installed).
- Additional shelves.
- Half door bun tray racks. Each holds up to eleven 18"L x 26"D (458 mm x 661 mm) sheet pans (sold separately).
- Full door bun tray racks. Each holds up to twenty-two 18"L x 26"D (458 mm x 661 mm) sheet pans (sold separately).
